

TOIT DU MONDE

CHALET TOIT DU MONDE, VAL D'ISERE

CHALET TOIT DU MONDE, VAL D'ISERE

For up to 8* guests in 4 suites

SWIM IN/ SWIM OUT – SKI IN/ SKI OUT

Discreet, luxurious, exclusive and appreciated by the most discerning of clients since 2008.

We offer luxury with versatility.

The magnificent Chalet Toit du Monde was converted from a 17th Century French Monastery.

This historic building in Val d'Isere underwent a 3 year multi-million pound renovation which was completed in 2007. Since then it has continued to be lovingly maintained and improved on a year to year basis. Many original features remain, including the impressive 1.5metre thick stone walls.

The chalet offers 4 suites, 2 of which are dual-level and allow the option of adding an extra bed on the lower level for an additional charge*.

Our guests will have every need and desire catered to by our dedicated staff from chef to chauffeur, host to beauty therapist.

Each en-suite double bedroom has a giant hand-carved marble bath, flanked by walls of glass, which commands a rain shower and transforms into a hammam, comfortably seating up to 4 or more persons.

Chalet Toit du Monde has its own concealed pool which appears at the touch of a button with dual functionality of indoor/ outdoor swimming.

With sauna, spa therapy room, ski room, private wine cellar and cigar room, the chalet is the ultimate luxury winter haven.
